Yo -
You are late.

What do you think you are doing ?
You literally broke into my home and didn't even call me.
It's no longer your home !
Why are you here ?
I came to see Ban-Ah.
Do I have to call you when I want to visit my home ?
Have you forgotten?
I do have the right to see my daughter once a month.
Where is she though?

You've never cared about her.
I figure I should start caring, so here I am.

What are you doing?
Get the mess cleaned up.
Or the odor will get worse.
You mean -
You did this ?!

What have you done ?!
I had no other choice.
I didn't get enough blood from you.
And I was going back being a corpse soon.
Blood?

Actually, all I need is just blood.
But, you see, I tend to go a little rough on food sometimes.
I do admit it turned out to be quite messy.
Sorry ~
All you need is blood ?

You mean to say that ...
You are a vam -
Stop ! Don't say it !
That word grosses me out !
Uh
Any ways
You've better clean this up quickly.
Unless you want to get into a trouble.
I am already in a big trouble.

Out of all people, why her ?! She works here !
Her family will call the police in a day or two.
And it will be only a matter of time before the police tracks her down to here !
Got that ?!
Oh, my God, what have you done...

You mean -
I should have killed you on the spot ?
Then this wouldn't have happened, would it ?
Is that what you want ?

If that is what you want I will let you have that wish right now.
What will you say ?

Don't worry too much.
I won't let the police take you in.

I won't let that happen.
If they can't find the body, they can't say it's a homicide.
Trust me.
So, we must take care of that body completely. Worry after that.
Do you understand?

Are you really kicking me out without giving me dinner ?
Sorry, I prepared for only three.
Surely, you can cook a bit more now ?
You know cooking rice alone will take 30 min !
Why don't you be honest and say -
"I don't want to cook for someone like you!"
I don't want to cook for-

Ah - sure -
Is that all you ate so far ?
Are you on a diet?

Going for early filming?
You must be going pretty far this time.
That's a lot of equipment.
Yes...

Even if we manage to get rid of the body perfectly,
They have CCTV going on 24 hours a day here.
They will find out that this was the last place she went to.
They will see that she went in and never left.
And it doesn't take a genius to realize
What that means

In other words,
What we are doing is going to be a waste of time and efforts.
What is "CCTV" ?

I haven't done anything!
All I have done is taking pictures from afar!

I need help.
Whatever it is, it's going to cost you money.
I know. You name the price and I will pay.

What do you need ?
Anesthetic drugs

The drugs I brought is strong enough to put an elephant down !

I suddenly felt very dizzy and felt like vomitting.
It's what you experienced, isn't it ?
I wonder what's causing it ?

Is there a cure for having a weak stomach ?
Maybe, it's time to visit a doctor.
